Welcome to METMMA Academy, where a better future begins for your child. Choose METMMA to nurture and empower them into becoming responsible, productive citizens.

Metmma academy was established in 2019 to uncover the hidden dream of every child. And in order to compliment the Malawi Government's National Education Policy in providing quality education, Metmma promotes the National curriculum - MANEB syllabus. The school knows that every child is born with a high profile dream from God. For instance, if the aspiration of a child is to become an Accountant or a Nurse, that might be what God predestined to be achieved. However, for this purpose of life to be achieved there is need for team work among primary stakeholders; thus teachers, parents and children themselves. When the stakeholders work symbiotically and purposefully, it is easy to help a child achieve the goal. Metmma believes that together we can through the guiding-power of God who prepared everyone's future before one is born (Jeremiah 1:5).

Metmma realises that everything we have as an institution, individual, family, country, and the world at large comes from God. As such every month the school spares 30 minutes for Bible lessons in moral teachings. These lessons are open to various Pastors and other preachers. These moral lessons are in addition to the word of God shared during the assembly every Friday. Lessons start with a word of prayer either by the teacher or a learner. These class opening prayers aim at thanking God for the lessons and asking HIM to bless all activities for the day.

Acronym METMMA stands for the four children of the family of Gabriel and Dorica Kamanga, namely;

ME	-	Mercy
T	-	Thoko
M	-	Mike
MA	-	Madalitso

VISION - To bring-out a predestined purpose in a child through education.
